Global Statement of Intent:

The Member understands that Congress passed a law entitled the Health Insurance Portability and Accountability Act (HIPAA) that limits use, disclosure, or release of Member's individually identifiable health information, as HIPAA and the supporting Regulations define that phrase. Member is granting this authorization because it is crucial that Member's health care providers readily use, release, or disclose Member's protected medical information to, or as directed by, that person or those persons designated in this authorization. This authorization allows the designated persons to discuss with and obtain advice from others or to facilitate decisions regarding Member's health care when Member otherwise may not be able to do so without regard to whether any health care provider has certified in writing that Member is incompetent for purposes of HIPAA.

↳ Appointment of Authorized Recipients

Therefore, the Member appoints the following persons or entities, or any of them, as Authorized Recipients for health care disclosure under the Standards for Privacy of Individually Identifiable Health Care Information (45 CFR Parts 160 and 164) under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and A.R.S. 12-2291 et seq.:

Globalets International, Inc. and/or Global Emergency Travel Services

↳ Grant of Authority

Member authorizes all Member's HIPAA-defined covered entities to use, release, and disclose Member's individually identifiable health information to the Authorized Recipients under 45 CFR Sec(s). 164.502(a)(1)(i) and (iv), 164.502(a)(2)(i), 164.524 and 64.528, including medical reports and records concerning Member's medical history, condition, diagnosis, testing, prognosis, treatment, billing information, and identity of health care providers, whether past, present, or future, as well as any other information that is in any way related to Member's health care except as specifically limited as to any Authorized Recipient named in Paragraph 1 above.

This disclosure includes the authority to ask questions and discuss Member's individually identifiable health information with the person or entity that has possession of Member's individually identifiable health information even if Member is fully competent to ask questions and discuss this matter at the time.

Member intends to give a full authorization for access to, disclosure of, and release of ANY individually identifiable health information by or to the persons named in this authorization as if each person were Member.

↳ Covered Entities

Covered entities means those entities specifically defined by HIPAA or the supporting Regulations including any physician, podiatrist, chiropractor, osteopathic physician, health care professional, dentist, hospital, clinic, laboratory, pharmacy, ambulance service, assisted living facility, nursing home or other covered health care provider, any insurance company, and the Medical Information Bureau Inc. or other health care clearinghouse that has provided treatment or services to Member, or that has paid for or is seeking payment from Member for such services.

↳ Disability

Member's subsequent disability or incapacity will neither affect nor terminate this authorization.
